

Holy Week

Directions: The objective of the game is to go through all the days of Holy Week by answering questions about each day. The player spins the spinner and follows the directions. If the player spins "Next Day" they move to the next day. The players must go to each and every day (even if they spin 2 and only need 1, they have to stop at the day). The player cannot pass a day until they answer a question about it. The questions are on a question sheet that is divided into the seven days of Holy Week. The teacher will ask a question from the list about the day that the player landed on. If they are correct, on their next turn they spin the spinner. If the player misses the question, on their next turn they do not spin the spinner, but they must take their turn and answer a question about that day of Holy Week before they can move on. The first person to move around the board and answer questions correctly on all 7 days of Holy Week, wins. Continue playing to find out who comes in second, third, fourth, etc. place.

HOLY

WEEK

Holy Week Questions

Only use the questions that are age appropriate for your students.

Sunday:

What is this day called? (Palm/Passion Sunday)

Jesus and his disciples walked to Jerusalem for what special festival? (Passover)

True or False: There are Masses on Holy Saturday. (False)

True or False: No Mass at all appears in the liturgy for this day, nor for the preceding day, Good Friday. (True)

In Roman Catholic observance, during the "Gloria" of the Mass (which is the first Mass since that of Holy Thursday), what happens to the church statues and icons on this day? (They are dramatically unveiled.)

What is the name of this service in many churches which is held in the hours of darkness between sunset on Holy Saturday and sunrise on Easter Day? It is most commonly in the evening of Holy Saturday. (The Easter Vigil, also called the Paschal Vigil or the Great Vigil of Easter.)

Copy and cut out the spinner wheel and spinner. Glue spinner wheel to cardboard and laminate or cover with clear contact paper to make it last. To make a strong and simple spinner, cut it out of a plastic lid. Attach the spinner to the spinner wheel with a brass fastener. Be sure to not fasten the spinner down too tightly so it will spin properly.
