Stations of the Cross

Directions: The objective of the game is to go through all 14 Stations of the Cross by answering questions about each station. The player spins the spinner and follows the directions. If the player spins "Next Station" they move to the next station. If the player lands on a space with directions on it, they must follow them. The players must go to each and every station (even if they spin 2 and only need 1, they have to stop at the station). The player cannot pass a station until they answer a question about it. The questions are on a question sheet that is divided into the 14 stations. The teacher will ask a question from the list about that station that the player landed on. If they are correct, on their next turn they spin the spinner. If the player misses the question, on their next turn they do not spin the spinner, but they must take their turn and answer a question about the station before they can move on. The first person to move around the board and answer questions correctly on all 14 stations, wins.

Copy and cut out the spinner wheel and spinner. Glue spinner wheel to cardboard and laminate or cover with clear contact paper to make it last. To make a strong and simple spinner, cut it out of a plastic lid. Attach the spinner to the spinner wheel with a brass fastener. Be sure to not fasten the spinner down too tightly so it will spin properly.

Stations of the Cross Questions:

I

What happens to Jesus? Jesus is condemned to death.

Who condemns Jesus to die? Pontius Pilot

What did Pilot do to show that he did not want to be involved with the events? He washed his hands.
